## **READ THIS FIRST**

Read and understand all Warnings and Cautions before using this product.

### Safety Information

This instruction manual contains information and warnings that must be observed for safe operation under the conditions described.

### Faults and Damage

If there are any grounds to believe the unit is no longer safe to use, it must be taken out of service and measures taken to prevent its further unintentional use.

### **Safety Regulations**

When using TOUGHPIX DIGITHERM, the appropriate regulations must be observed to avoid incorrect operation of the unit.

ATTENTION! Ensure the battery door is securely fastened when using the device. The device must not be opened in the hazardous area.

### Maintenance

For safety critical maintenance, please refer to EN60079-17.

### Special Conditions for Safe Use

- Do not remove or replace batteries within the hazardous area.
- The battery pack can only be charged in a safe area.
- Consideration shall be given to the risk of degradation of the camera due to aggressive substances.
- Only CorDEX approved accessories (battery pack and memory card) are permitted to be used in the TOUGHPIX DIGITHERM.
- The capacitance in the non-earthed exposed metallic parts of the enclosure exceeds the values given in the Table 9 of IEC 60079-0.
- It is the responsibility of the user to determine the suitability of the maximum capacitance 82.3 pF to the intended use area.
